Sir:

This paper is responsive to the Office Action dated June 26, 2008, setting forth a four-way restriction requirement with respect to pending claims 24-82.

In response to the restriction requirement, and as set forth in more detail in the Remarks section, Applicants hereby provisionally elect to proceed with the **Group III and IV** claims – that is, the Claims 44-62 (Group III) and Claims 63-82 (Group IV). It is believed that search and examination of the claims categorized under at least Groups III and IV in the instant application can be made without serious burden, as they are similar in many respects and essentially relate to system and method counterparts. See M.P.E.P. 803.01.

If the Examiner nevertheless persists in the restriction requirement as between Groups III and IV, then Applicant would respectfully request to that claims 44-62 be withdrawn from further consideration, and that examination be conducted of the Group IV claims.

Applicant have accordingly canceled claims 24-32 and 33-43 (the Group I and II claims) herein, without prejudice to pursue by divisional application or otherwise.

A summary of the status of the claims appears below.

**Summary of Claims**

Pending:	24-82
Amended:	None
Canceled:	1-43
Unchanged:	44-82
New:	None

**Amendments to the Claims** are reflected in the listing of claims which begins on page 3 of this paper.

**Remarks** begin on page 13 of this paper.
